

Why and What is ZDD?

-  Deploy a new release without downtime
-  Release at any time (even on Friday )
-  Release is transparent for users
-  No more waking up at dawn  or at night 

Why and What is ZDD?

-  Deploy a new release without downtime
-  Release at any time (even on Friday )
-  Release is transparent for users
-  No more waking up at dawn  or at night 
-  Make the Rollback easier
